Objective

Detail-oriented B-Tech student skilled in Java, backend development, and AI/ML, seeking an entry-level role to leverage programming and analytical skills for real-world solutions and organizational growth

Technical Skills

Programming & Web Languages : Java, Python, HTML, CSS

Frameworks and Libraries: Spring Boot, NumPy, Pandas, Scikit-learn, Seaborn, Matplotlib

Databases: MySQL, PostgreSQL

Platforms and IDEs: Eclipse IDE, Visual Studio Code, MySQL Workbench, Jupyter Notebook, pgAdmin4

Tools and Version Control: Git, GitHub, Postman

Core Concepts: Data Structures and Algorithms, Machine Learning, API Design

Experience

TNS Foundation – Backend Developer

- Developed a backend application with Java and Spring Boot, implementing CRUD operations and optimized business logic.
- Integrated PostgreSQL database for efficient data management and ensured data integrity.
- Built and tested RESTful APIs using Postman, ensuring reliability and scalability.
- Soft Skills:** Communication, Teamwork, Problem-Solving, Time Management

Project

Long-Term Water Quality Analysis using Weighted Regression

- Applied AI-driven weighted regression on time, discharge, and seasonality data to analyse and predict water quality trends.
- Developed models that provided insights for sustainable water resource management.

Crop Yield Prediction Using Machine Learning | Python, NumPy, Pandas, Seaborn, Scikit-learn.

- Developed a crop yield prediction model using Python, applying classification algorithms like Logistic Regression and SVM.
- Executed data preprocessing, feature selection, and visualization to improve model accuracy.
- Optimized performance and real-world dataset validation to support data-driven agricultural planning.

Education

Kommuri Pratap Reddy Institute Of Technology

Pursuing Bachelor in Artificial Intelligence and Machine Learning, 7.50 CGPA

Dec 2022 - Aug 2026

Hyderabad, Telangana

Narayana Junior College

12th Boards: 880 marks

April 2020 - July 2022

Hyderabad, Telangana

Bhashyam High School

10th SSC Boards: 9.8%

June 2019 - Mar 2020

Hyderabad, Telangana

Certificates

Java (Basic) Certification : HackerRank

Feb 2025

Web Development Workshop : Microsoft Learn Student Ambassador Program -

Sep 2024

Achievements

Finalist – V-Hack 2k25 Hackathon (Top 10/140 teams)

Mar 2025

- Advanced to the final round by solving real-world problems through teamwork and technical skills.

Microsoft Learn Student Ambassador – Web Development Workshop

Sep 2024

- Gained hands-on experience in modern web development tools and practices.
